

## PHP Pick 'Em

PHP Pick 'Em is a free php web application that allows you to host a weekly NFL pick 'em football pool on your website.

### Minimum Requirements

- PHP version 4.3 or greater
- MySQL version 4.0 or greater

### Installation Instructions

1. Extract files
2. Create a MySQL database on your web server, as well as a MySQL user who has all privileges for accessing and modifying it.
3. Edit /includes/config.php and update database connection variables accordingly
4. Upload files to your web server
5. Run installer script at <http://www.your-domain.com/phppickem/install>. The installer will assist you with the rest.

### Logging In

Log in for the first time with admin / admin123. You may change your password once you are logged in.
